

May 19, 1927.

Mr. Alfred Ostberg,
Caineville, Utah.

Dear Sir;

RE: BOWL CREEK ~~ADJ.~~ *Dist*

I have your letter of May 10 and note what you say with reference to assessment for services and expense as water commissioner.

This is the information which I was seeking but before deciding about making an appointment I wish to wait a day or two and hear from Mr. Pace, the other water user interested in this distribution who, under the law, has to be consulted.

Yours very truly,

State Engineer.
